Exhibition of Disaster Risk Reduction Industry in Sendai

Latest Disaster Prevention Technologies

based on the Tohoku earthquake experiences.

Cabinet Office, Miyagi Prefecture Government, and The Nikkan Kogyo Shimbun,Ltd. is holding "BOSAI Industrial Fair in Sendai", which is a disaster prevention technology exhibition, as one of the related project of "The 3rd UN World Conference on Disaster Risk Reduction" .

The fair is from March 15th to 17th at Yume Messe Miyagi', the biggest exhibition hall in Tohoku region that have recovered from Tsunami disaster. 160 companies and organizations will exhibit latest disaster prevention technologies and products that can be used both in ordinary and disaster time.

We are organizing 'BOSAI Industry Symposium', suggesting issues for development of disaster prevention industry in the whole world (simultaneous interpretation). There would also be several other events and workshops at the venue.

Admission for the fair is free. We are very looking forward to your visiting!
