Toward a New Future

Exhibition Guide

Date: Dec. 3 (Wed.) - 5 (Fri.) 2025, 10am-5pm Venue: Tokyo Big Sight, South Halls Concurrent Exhibitions PAN-EXHIBITION FOR WASH AND CLEAN SAMPE Japan Smart Factory Japan High-Precision & Difficult Manufacturing Technology Show Surface Structure Design Show International Robot Exhibition (iREX)

Organizers: JAPAN VACUUM INDUSTRY ASSOCIATION, The Japan Society of Vacuum and Surface Science, THE NIKKAN KOGYO SHIMBUN, LTD.

${\mbox{\sc one}}$ One of the Largest Vacuum Technology Trade Shows in Japan ${\mbox{\sc one}}$

VACUUM2025 is a comprehensive exhibition of vacuum equipment and devices, marking its 47th edition this year. Every year, a large number of companies and researchers involved in vacuum technology, including technology development, product manufacturing, and sales, visit the show and conduct numerous business discussions leading directly to business opportunities.

Vacuum technology is a fundamental technology supporting a wide range of industries including semiconductor, FPD, energy, medical, analytical, automotive, food, and new materials, as well as playing an important role in basic scientific research such as space development and particle physics. In recent years, global environmental protection and automated driving technology have become increasingly important, and the technological fields in which vacuum technology can contribute are expanding. This exhibition will be held as an opportunity to consider new vacuum technologies for the next generation.

This exhibition will be held in conjunction with the PAN-EXHIBITION FOR WASH AND CLEAN, SAMPE Japan, Smart Factory Japan, High-Precision & Difficult Manufacturing Technology Show, and Surface Structure Design Show, International Robot Exhibition (iREX). The synergistic effect of holding these shows at the same time is a great opportunity for business activities.

We hope that many companies and organizations will participate in the exhibition as a place to expand sales of their products and new business partners.

VACUUM2025 Outline

Name:	VACUUM2025	
Theme:	Toward a New Future	
Date:Venue:	Dec.3 (Wed.) - 5 (Fri.) 2025, 10am-5pm Tokyo Big Sight, South Halls	
Organized by:	JAPAN VACUUM INDUSTRY ASSOCIATION The Japan Society of Vacuum and Surface Science THE NIKKAN KOGYO SHIMBUN, LTD.	
Supported by:	Ministry of Economy, Trade and Industry (METI), Ministry of Educat Science and Technology (MEXT), Japan External Trade Organization	· · · · · · · · · · · · · · · · · · ·
Admission:	JPY 1,000 *Registrants, Invitation holders, and Students under junior high-school	age are free
Concurrent Programs:	Lectures, Forums / Symposiums, Seminars, Exhibitor's seminars, and more	

Exhibit Categories

Vacuum Pump	Vacuum Gauge	Vacuum Components, Materials	Vacuum Metallurgical Equipment	Vacuum Chemical Equipment
Vacuum thin film forming equipment	Gas Analyzer	Surface Analyzer	Test Equipment	Surface Observation Device
Other Vacuum Device	Service Business	Elemental Equipment		

Exhibitor Seminar

Provides a place for exhibitors to freely present their products and technologies. Please fill in the preferable time slot on the application form. It's first come, first served basis and the secretariat will decide the time schedule.

*Admission is free for all sessions *Interpretation is not provided

*Seminar presenters are expected to prepare their own handouts and related materials *Seminar presenter must be exhibitors of VACUUM2025

Exhibitor Service

Business Meeting Room *Free

A business meeting room is provided within the exhibition venue. Useful for times when a calmer environment is needed for business negotiations.

-Maximum two hours per day.

-Use is limited to exhibitors only.

Pre-Matching System *Free

Exhibition × Pre-Matching System = Efficient business discussions!

This exhibition is not only a presentation of exhibitors' technologies, but also a promotion for business negotiations between visitors and exhibitors. This matching system will be set up on the website in advance. The business meeting room at the venue can be used free of charge when matching is made. We fully support our exhibitors in making matches!

Matching Flow

Acceptance of matching request

Applicants submit matching requests on the official website

for visitor admission registration.

utilize this to attract visitors.

Exhibit Highlights *Free

email address), the images of the products and

Look for partners for business meeting

Needs of applicants are published to look for those who meet their requirements

Arrangement of the business meeting date

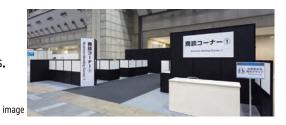

Once a match is made, the date and time of the business meeting is decided via the Secretariat.

Pre-Matching Complete! ease hold vour discuss

Mutual admission to the following industrial exhibitions and iREX!			
Exhibition	Exhibitors	Booths	Visitors
VACUUM2024	78 companies / organizations	148 booths	
PAN-EXHIBITION FOR WASH AND CLEAN 2024	160 companies / organizations	279 booths	
Japan Robot Week2024	176 companies / organizations	309 booths	
SAMPE Japan 2024	130 companies / organizations	165 booths	43,271 visitors
Smart Factory Japan 2024	48 companies / organizations	69 booths	
High-Precision & Difficult Manufacturing Technology Show 2024	128 companies / organizations	137 booths	
Surface Structure Design Show 2024	41 companies / organizations	55 booths	

*Japan Robot Week will not take place in 2025

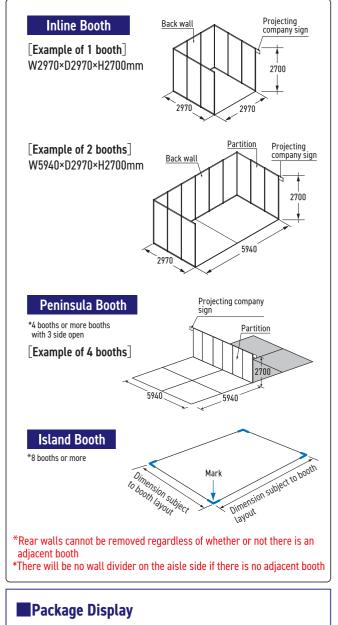

Venue : Designed open space in the hall Capacity : 100people Equipment : Podium, Projector, Mic, Screen, PC and Laser printer

*Booth locations will be decided by lottary after Exhibitor Explanatory Session. (Planned in mid-September.)

Regular Booth (1 Booth: Approx.9sgm=W2.97m×D2.97×H2.7m)

General

1 Booth JPY 418,000

Simplify display and decoration by applying for Package Display. For other plans, details, and application procedures will be announced in the middle of September 2025, at the exhibitor explanatory session in Japanese and in exhibitor manual.

1 Booth Spec.

Booth Rental Fee + JPY 99,000

*Package Display of 2 or more booths are also availiable. *If your electricity usage exceeds 1kW, you will need to apply for electrical work separately.

Special Booth

A. Trial Booth

(1 Booth: Approx.6sgm=W2.97m×D1.98×H2.7m)

1 Booth ----- JPY 335,500

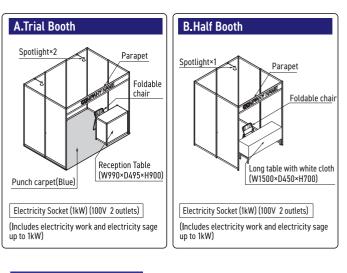

[Apply to] Company or Organization that has not exhibited at this exhibition in the last 5 years or longer. Company or Organization that has never exhibited at this exhibition

B. Half Booth

(1 Booth: Approx.4sam=W1.98m×D1.98×H2.7m)

1 Booth ----- JPY 214,500

[Target exhibitor] Company or Organization that conducts processing technology related to vacuum technology. University. Research institution.

Application Procedure

Application Deadline Jul.31 (Thu.), 2025

How to apply to exhibit

from the official website

Fill in the application form and send it to the secretariat by E-mail. Kindly note that application may not be accepted if the products and services are inappropriate for the exhibition.

Payment of Exhibit Fee

An invoice will be issued after your application has been officially accepted. Payment Deadline: Within one month from the date on the invoice.

Change or Cancellation of Exhibit Contracts

Any change or cancellation to booths that has already been applied-for shall be made in writing including the reason for the change and approved by the secretariat.

Besides, the following cancellation fee will be charged.

*In case of cancellation or reduction in the number of booths, the following cancellation fee will be charged.

- From the day of application acceptance to Aug.31(Sun): 50% of Booth **Rental Fee**
- After Sep.1(Mon.): 100% of Booth Rental Fee

Concurrent Programs

There will be lectures on high-interest topics, and information on the latest technology and market trends will be broadly communicated. We will also strive to attract high-quality attendees. In addition, a wide range of seminars will be offered with content broadly spanning the fundamentals to applied vacuum technologies. Every year, large numbers of users participate in the seminars as part of visiting the show.

INVITATION

VACUUM2024 Special Program : Demonstration of enzymatic peeling of fruit, International linear collider display, Space goods merchandise, and more

PR & Advertising (Planned)

Precise PR to the target visitors through mixed media promotion!

On the Nikkan Kogyo Shimbun newspaper, we will disseminate information on the latest trends in vacuum products and industry, and introduce the technologies of exhibitors. In addition, the exhibition will be promoted to subscribers from all industries by holding events in collaboration with the print edition of the newspaper.

The exhibition will be announced in the Nikkan Kogyo Shimbun, a general newspaper on industrial affairs, to mobilize visitors. Coverage such as introductions and feature articles on exhibitors will ensure the end-user to visit the exhibition.

The Nikkan Kogyo Shimbun provides easy-to-understand news favored by a wide demographic with "Newswitch," which will have the latest information about the exhibition as well as timely articles about vacuum industry. https://newswitch.jp
